

BIM Technician

Company: **KFC Engineering**
Location: Oklahoma City, OK and Tulsa, OK
Employment Type: Full-Time

About Us

KFC Engineering is one of the leading structural design firms in the region, committed to delivering innovative design solutions for a diverse range of projects. Our team uses cutting-edge BIM technology to enhance project coordination, visualization, and delivery excellence.

Position Overview

We seek a motivated individual to join our team as a Structural BIM Technician. This position is perfect for someone with Revit training/experience who is eager to grow their career in architectural engineering. We welcome candidates at all experience levels and provide a collaborative team environment where everyone is eager to assist in the growth of the group as a whole.

Key Responsibilities

Model Development & Management

- Create and maintain accurate 3D structural models using Revit and other BIM software
- Develop detailed structural drawings, plans, sections, and details
- Ensure model accuracy, completeness, and adherence to company and professional standards
- Coordinate our structural models with architects and other discipline models

Technical Coordination

- Participate in design coordination meetings and model reviews
- Assist with construction documentation and drawing production

Quality Assurance & Standards

- Ensure compliance with project specifications and drafting standards
- Support continuous improvement of BIM processes and workflows

Required Qualifications

- Associate degree in Engineering Technology, Architecture, Drafting, or related field
- Training and proficiency in Autodesk Revit
- Self-motivated with willingness to learn and multitask
- Strong organizational and communication skills

- Excellent attention to detail and problem-solving abilities
- Excellent teamwork abilities

Technical Skills

- Primary: Autodesk Revit Structure
- Secondary: AutoCAD, Microsoft Office Suite
- Bonus: Bluebeam Revu

What We Offer

- Competitive salary commensurate with experience
- Comprehensive health, dental, and vision insurance
- 401(k) retirement plan with company matching
- Continuing education support
- Flexible work arrangements and collaborative team environment
- Opportunity to work on diverse and challenging projects

Application Process
